

2025 GARMIN MARINE INSTALLATION REBATE PROGRAM

Garmin is pleased to announce the continuation of the Marine Installation Rebate Program. This program is designed to provide National Marine Electronics Association (NMEA), American Boat and Yacht Council (ABYC) and Garmin certified service and installation dealers with the opportunity to increase sales and profits in the increasingly competitive market of marine electronics. The installation rebate program enables installing dealers to be eligible for installation rebates, which help overall profitability, when they install Garmin, JL Audio® or Fusion® products. This program ensures that our mutual customers receive the satisfaction of knowing their Garmin products have been installed properly and function as represented.
